

Carton tracking

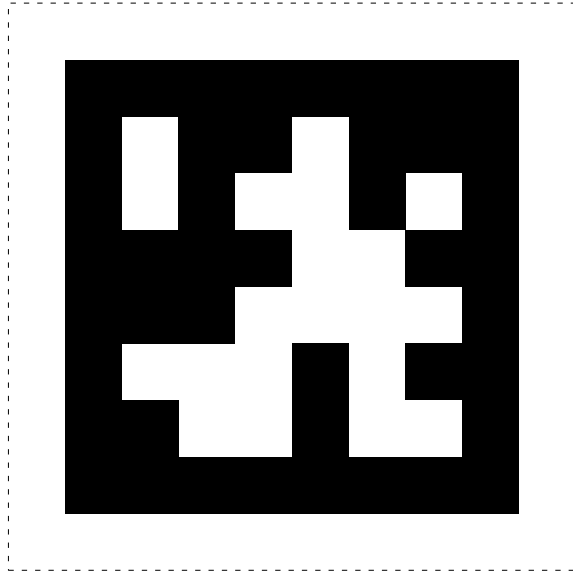

AprilTag / tag36h11 / camera-only setup

Print at 100% / Actual Size. Turn off Fit to Page.

Measure the 100 mm line before cutting. Keep the white margin around each tag.

ANCHOR / ID 1

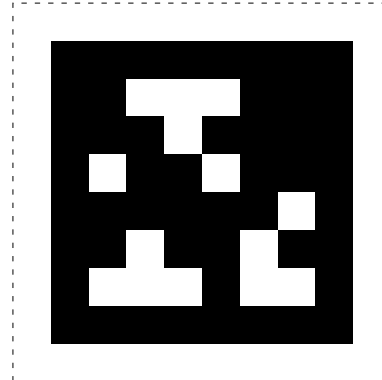

60 mm black square

FIXED TABLE

TOOL / ID 2

40 mm black square

GRIPPER BODY

Mounting

- 1 Anchor: fixed table, in head view.
- 2 Tool: rigid gripper body.
- 3 Target: paddle, clear of the grip.

Use flat, matte backing.

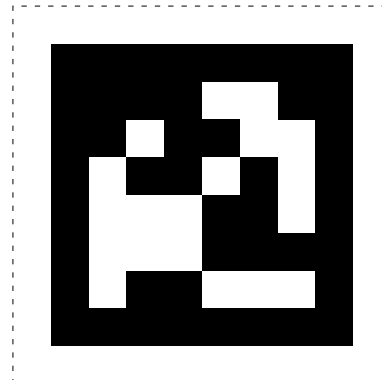

Keep patterns clear of tape/glare.

Keep unused copies out of view.

Do not span a joint or fold.

TARGET / ID 3

40 mm black square

PADDLE

This line must measure exactly 100 mm.

Print/mount sizes are starting points. Confirm visibility in both actual camera views.

Tag centers are tracking points, not calibrated grasp points. No robot motion is authorized by this sheet.
