

Fold-policy box tags (tag36h11) - print at 100% / actual size

Check: wall and floor tags measure 45 mm across the black square, flap tags 35 mm. Cut on the dashed line. Arrow = this edge up.

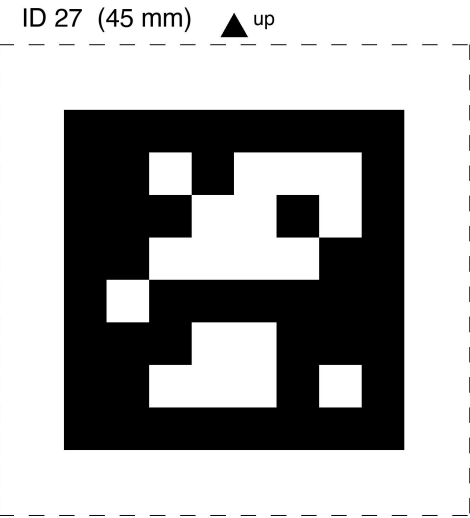

near wall

black square edges: 47 mm from the robot's LEFT end, 32 mm from the bottom edge

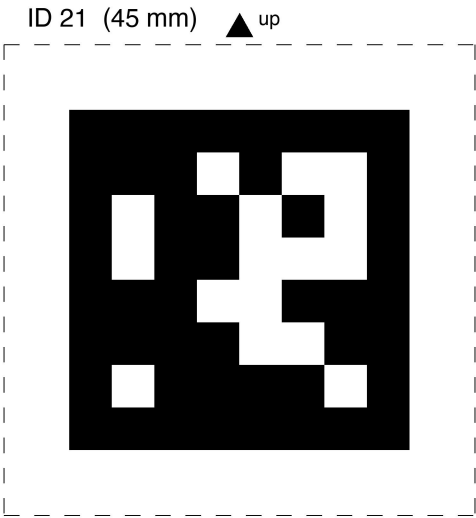

near wall

black square edges: 47 mm from the robot's LEFT end, 32 mm from the bottom edge

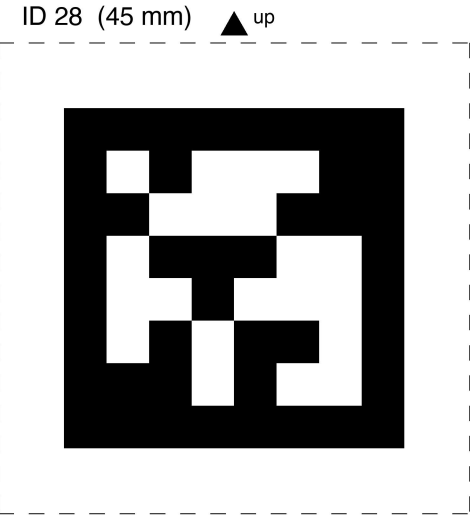

near wall

black square edges: 287 mm from the robot's LEFT end, 32 mm from the bottom edge

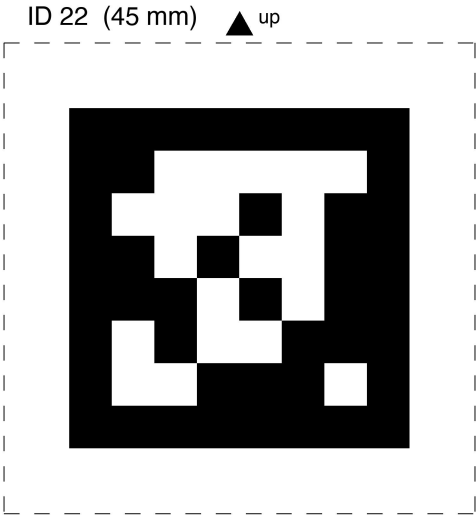

left wall

black square edges: 79 mm from the far edge, 32 mm from the bottom edge

left wall

black square edges: 199 mm from the far edge, 32 mm from the bottom edge

right wall

black square edges: 159 mm from the near edge (robot side), 32 mm from the bottom edge

Fold-policy box tags (tag36h11) - print at 100% / actual size

Check: wall and floor tags measure 45 mm across the black square, flap tags 35 mm. Cut on the dashed line. Arrow = this edge up.

ID 25 (45 mm)▲ up

inside floor

black square edges: 167 mm from the robot's LEFT, 119 mm from the near wall

ID 24 (45 mm)▲ up

inside floor

black square edges: 247 mm from the robot's LEFT, 119 mm from the near wall

ID 11 (35 mm)▲ up

left short flap

black square edges: 50 mm from the far end, 73 mm from the fold line

ID 12 (35 mm)▲ up

right short flap

black square edges: 190 mm from the near end (robot side), 73 mm from the fold line

ID 13 (35 mm)▲ up

far long flap

black square edges: 248 mm from the robot's RIGHT end, 73 mm from the fold line

ID 14 (35 mm)▲ up

near long flap

black square edges: 248 mm from the robot's LEFT end, 73 mm from the fold line
